

# Looking For Unsung Heroes

## *You Can Help!*

We all know an Unsung Hero—  
one of those people who make our  
community something special.

■ You know the guy—the fellow who shovels all the sidewalks on the block before sunrise and won't take a dime for it...

■ Maybe it's the lady who takes the time to check on her elderly neighbors every day...

■ The woman who's there with hot chicken soup when you're under the weather...

■ It could be the Unsung Hero who is there setting up tables before every event and is the last one to leave when the work is done...

■ The volunteer fireman who drops the tools of his trade to help save someones business or home...

Please help us recognize the Unsung Heroes in our community. We'll honor one of them per month. You can help.

**Please send your nominations to
